

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Banaskantha District Kelavani Mandal (BKDKM) recently demonstrated its commitment to decentralized leadership and participative management through two major academic events: National Chemistry Day on August 2, 2025, and the celebration of Dr. Vikram Sarabhai's birth anniversary on August 12, 2025. These events brought together students, faculty, and community members in a shared celebration of scientific excellence and innovation.

Leadership was evident in the active involvement of academic director Dr. Amit Parikh, Principal Dr. Y. B. Dabgar. Their participation, coupled with the enthusiastic engagement of students and staff, reflected the institution's dedication to collaborative planning and inclusive execution. These efforts ensured the success of both events, reinforcing the value of leadership grounded in teamwork, shared decision-making, and broad community involvement.
